ABOUT ME

Information Science and Technology student currently in the 6th semester with foundational knowledge in programming, web development, database management and AI fundamentals. Skilled in Python, Java, MySQL, HTML, CSS, and JavaScript with hands-on experience through internships, virtual job simulations, and academic projects. Interested in software development, full-stack web technologies and data-driven applications and also seeking opportunities to apply technical and problem-solving skills in real-world environments.

TECHNICAL SKILLS

- Programming & Software Development** - Python, Java, C
- Web & Database Fundamentals** - HTML, CSS, JavaScript MySQL, SQL
- Machine Learning (Fundamentals)** - ML Fundamentals, Deep Learning, Neural Networks, Fuzzy Logic, OpenCV
- Core Computer Science** - Data Structures (basics), Database Management Systems

PROJECTS

- AI-Powered Smart Attendance Management System**
 - Developed an AI-based attendance management system using Python and OpenCV
 - Implemented real-time face detection, attendance tracking and database integration
- Enterprise Expense Management and Financial Analytics Platform**
 - Developed a responsive expense management platform with role-based login and financial tracking features
 - Integrated analytics dashboard, expense visualization charts and MySQL database management

EDUCATION

B. TECH – Information Science & Technology Presidency University , Bangalore	2027 CGPA : 8.33
Pre-University Course (PUC) MRM PU College, Haveri	2023 84.5%
Matriculation (SSLC) Lions English Medium School, Haveri	2021 96.16%

CERTIFICATES

- Oracle Cloud Infrastructure (OCI) - Generative AI Professional
- Oracle Cloud Infrastructure (OCI) - AI Foundations Associate
- Oracle AI Cloud Database Services – Certified Professional
- Unified Mentor – Full Stack Web Development Internship
- Deloitte Virtual Job Simulations (Forage) – Data Analytics
- Tata Data Visualisation: Empowering Business with Effective Insights
- Software Creation: Version Control, Debugging & Object Design – Coursera
